ENGINEERING DEPARTMENT.

BUREAU OF SANITARY ENGINEERING, BANGALORE.

Notification dated 29*th July* 1939.

Tenders are invited at the office of the Sanitary Engineer, Bureau of Sanitary Engineering, Bangalore, up to 1 P.M. on 31st August 1939 for the work of giving Water Supply at Sravanabelagola during the Mahamasthakabhisheka Jatra which will take place at Sravanabelagola during February 1940.

The tenderer will be required to supply all the necessary materials for the water supply of the jatra and the approximate sizes of pipes and the length of each size are given below. All fittings such as bends, tees, elbows, collars, flanges, bolts, nuts, gland cocks, service taps, etc., will have to be supplied by the tenderers.

Only hire charges for the materials supplied will be paid for.

The tenderer will lay the pipes in the positions shown to him by the officer in charge of water supply and maintain them in serviceable condition with his own staff during the period of jatra noted below and attend to leaks and repairs to the service lines then and there without causing

inconvenience to or interruption of the public water supply. After the jatra is over, the materials may all be removed with the permission of the officer in charge.

The period during which the pipe lines will have to be in service will be from 1st February 1940 to 15th March 1940.

The tenderer will have to convey the materials at his own cost to the spot and remove the same from the spot similarly.

All the materials will have to be brought to site and laid in position by 1st February 1940 and rendered fit for water supply on that date.

The materials may all be removed on or before 15th March 1940 as will be decided by the officer in charge.

Rates for items of work other than those tendered for will be fixed by the Sanitary Engineer, whose decision must be accepted as final.

The tender should be accompanied by a deposit of Rs. 100 in cash as earnest money, which will be refunded to the unsuccessful tenderers as soon as one of the quotation is accepted.

The rates for non-estimated and non-tendered items shall be as per schedule rates of the department or those fixed by the Sanitary Engineer.
